Winter Reminders

With the arrival of cold weather comes several winter reminders and tips:

- * When following a salt truck, please be aware that the driver may stop and back up at any time. If you cannot see the driver's face in the side mirror, they cannot see you. Please allow the salt trucks room to work and when in doubt, stay back 100 feet.
- * Please remember that it is illegal under Michigan law to shovel or plow snow or ice into any road or highway, or to deposit snow on a road or road shoulder in such a way that it blocks motorists' view of traffic. This creates a safety problem for motorists and additional work for snow removal forces and only serves to cause delays in clearing our streets.
- * When the DPW plows, some snow will be left at the end of your driveway, or up against your mailbox. The DPW is not able to clear your driveway or shovel out your mailbox, this is a resident responsibility.
- * Cars parked in roadways hinder the ability of the DPW to plow roads. Once a snow fall reaches 2", it becomes an automatic snow emergency and NO PARKING is allowed on City streets until the roads have been cleared. All vehicles found in violation of this traffic control order shall be ticketed and the owner, if possible, notified to remove said vehicle from the street, highway, parking lot, or alleyway. In addition, the vehicle and/or trailer may be removed from the public street, highway, parking lot, or alleyway at the expense of the owner.
